**Re: In the Matter of the Application of SBC Communications, Inc.,
Southwestern Bell Telephone Company, and Southwestern Bell
Communications Services, Inc., d/b/a Southwestern Bell Long
Distance for Provision of In-Region InterLATA Services in Oklahoma**

Dear Mr. Caton:

This is in response to my June 3, 1997 telephone conversation with Craig Brown of the Federal Communications Commission ("FCC"). Specifically, Mr. Brown requested that I file ex parte comments on behalf of the Oklahoma Corporation Commission ("OCC") and provide the FCC with the names of the entities with which Southwestern Bell Telephone Company has entered into signed and approved interconnection agreements, and to also identify which of those entities are facilities-based. It was also requested that the OCC identify any agreements which are pending approval.

In response to this inquiry, I have attached hereto as Exhibit "A" a list comprising the information requested by the FCC. It is also my understanding that all of the Agreements which had been approved as of April 11, 1997 were included in the Appendix to the Brief in Support of Application by SBC Communications, Inc., Southwestern Bell Telephone Company, and Southwestern Bell Long Distance for Provision of In-Region, InterLATA Services in Oklahoma.
